

Industry Immersion Program

High School Development in the Construction Industry

Junior Year (4th Quarter)

- Students attend construction knowledge development courses Monday and Wednesday from 8:30am - 10:30am.
- Courses will involve explanations of task items and field demonstrations of how they are applied.
- Topics include: construction math, surveying, concrete quality control, blueprint reading and more.

Summer Before Senior Year

- After completing the construction knowledge development courses during their Junior year, students will then be eligible for full-time work during the summer.

After Graduation

- Students who have successfully completed the Industry Immersion will be considered for full-time employment.

Next Steps

Send a resume and cover letter that explains why you are interested in construction and this opportunity to hr@buildingcrafts.com.

About Us

Since 1972, Building Crafts, Inc. has been a trusted leader in the construction of environmentally friendly facilities for water/wastewater treatment and commercial projects. We are committed to excellence for all of our team members, our construction projects, and our construction clients. We pride ourselves in our core values:

- Safety
- Culture
- Employee Career Development

While our offices are in the Greater Cincinnati and Greater Omaha Regions, we are here to serve our clients' needs across the United States.
