

Build Your Career With Us

Steps to Project Management

The Project Manager has a vital role to play as the leader and all-around point person for each project. The leadership, communication, and organizational skills required from the PM are crucial for a successful project. Refining these skills is an important part of the process on the path to becoming a Project Manager. Below demonstrates the typical path to develop into a Project Manager here at BCI.

HIGH SCHOOL

COLLEGE /PAID CO-OP

PROJECT ENGINEER

ASSISTANT PROJECT MANAGER

PROJECT MANAGER AND BEYOND

Why choose a career at Building Crafts?

Building Crafts maintains an in-house training program that allows future Project Managers to be guided along a career path that teaches them everything necessary to be able to run their own projects.

1. Build a professional career with a strong and stable economic future.
2. Freedom to use your creative skills to build structures that provide clean water to you, your family, friends and the community.
3. The structures you build are a critical part of the community's permanent infrastructure.
4. Complete technical skill training and Professional Development within a positive, supportive and friendly "Team" oriented culture.
5. Work environment is always changing and challenging. No two days are ever alike.
6. You and your family enjoy great compensation, performance bonuses and a complete benefit package. BCI offers a great career where you can advance as far as you desire.

About Us

Since 1972, Building Crafts, Inc. has been a trusted leader in the construction of environmentally friendly facilities for water/wastewater treatment and commercial projects. We are committed to excellence for all of our team members, our construction projects, and our construction clients. We pride ourselves in our core values:

- Safety
- Culture
- Employee Career Development

While our offices are in the Greater Cincinnati and Greater Omaha Regions, we are here to serve our clients' needs across the United States.
